Hoofin' in America's Heartland

Walkers, from near and far, are invited to the "Heartland of America" for the "[Hoofin' It on Halloween](#)" extended weekend. The Sunflower Sod Stompers of Topeka will be sponsoring this volkssporting weekend as part of club's 40th anniversary. This celebratory weekend will also be the [12th Biennial South Central Regional Roundup](#). This traditional weekend is being continued now for 24 years!

Six sanctioned walking events will be located in 5 different counties of central Kansas, around the I-135 corridor. The elusive Marion county event in Hillsboro is finally on the schedule for those who pursue counties. Four other counties, Harvey, Reno, Rice, and Saline will also be on the agenda. These counties were walked years ago, long before the "Walking the Kansas Counties" program was established. Now, we will walk again in Newton, Hutchinson, and Salina along with events in Sterling and the Dillon's Nature Center. Participants will be happy to read that ALL of these courses will be fairly flat; the Nature Center event being the only route on natural terrain.

Kansas in October should be enjoyable walking weather but come prepared for the extremes. There should be some fall foliage and of course, Halloween decorations found along the town trails.

Three swims have also been sanctioned for those who enjoy the water. Come and cool-off in the indoor pool and earn more IVV events! Water walking is acceptable. There will certainly be qualifiers for some of the AVA Special Programs. Each town has a different history and things to see and to enjoy. Friday afternoon has been left open so walkers can visit 2 well-known attractions in Hutchinson: [Cosmosphere](#) – a highly acclaimed international science education center & space museum, and [Strataca](#) – an underground salt museum filled with unique experiences and decades of history that you can only get 650 feet below this Kansas town. And for those not interested in some "sightseeing", there are several unique and interesting YREs within driving distance of our scheduled traditional walks.

Motel rooms are blocked; meals and restaurants have been arranged. Speakers will be on the agenda! One speaker will be updating us on the activities of the 2025 AVA Convention. [Pre-registration with payment is highly recommended and helps in the planning of all of the special event activities.](#) There definitely will be fun, fitness, friendship and food on the agenda, so come enjoy the pre-Halloween weekend in Kansas!

TRAVEL INFORMATION

Most events are located in the central area of Kansas along the Interstate 135 corridor. Our first 3 days of activities will be centered around the town of Hutchinson aka "Hutch". Hutchinson is located 52 miles northwest of Wichita; 460 miles east of Denver; 225 west of Kansas City, 210 miles north of Oklahoma City, and Dallas is 420 miles to the south.

Some walk event towns have no sewer systems. There will be dips for water runoff at street intersections which could damage your vehicles. Drive carefully.

Please allow the Sod Stompers sufficient time to prepare for their events and to pack-up when finished. We will get you on the trails as soon as we are ready, and safe for walking.
